### WORK EXPERIENCE

**Date: January 2014-To Date**

**Title: Senior Economist**

**Employer: Office of the Prime Minister, Uganda**

**Type of Business: Government**

**Location: Kampala**

**Area of Work: Policy Coordination, Monitoring and Evaluation**

**Salary: 12000 USD/per annum**

The following are the accomplishments that I have managed to achieve in this position:

- Worked with 16 sectors of government to harmonize their sector policies with the national policy framework;
- Provided technical support to sectors in the area of policy development and management, planning and coordination of policies and programmes.

- Annually and Semi-annually followed up the progress implementation of sector policies and programmes which report is discussed in a Cabinet retreat;
- Provided technical guidance to sectors on technical guidelines and standards used in the development of government policies;
- Supported the Coordination and management the implementation of Cabinet decisions for example Presidential Investors' Round Table (PIRT), Uganda Nutrition Action Plan (UNAP), Disaster preparedness and Management, Early Childhood Development, Family Planning, water for production e.t.c while identifying suitable projects for funding by the development partners.
- Produced research reports on key cross-cutting issues for generating policy options and further follow up by the institutional coordination framework.
- Supported the planning, budgeting, implementation and performance assessment of the functions of the Department (RBM practices and principles);
- Supported the management of the Institutional Framework for the Coordination of Policy and Programme Implementation government;
- Coordinated the implementation and evaluation of the Joint Budget Framework (JBSF), Joint Assessment Framework (JAF) and other Aid delivery mechanisms in government with Development partners and the United Nations; Supported the development of the UNDAF 16/20
- Supported the development of the National Coordination Policy and National Nutrition Policy through organizing local, regional and national stakeholders' workshops and regularly updating the draft policy.
- Supported the implementation of and evaluation the National NGO Policy in Institutions within government;
- Supported the Prime Minister's Delivery Unit in driving implementation of key government priorities in infrastructure and energy, industrialization, job creation, poverty reduction through wealth creation, tackling corruption, and delivering improvements in key social services in health and education.
- Built capacity of Local governments in Human Rights, Gender and Nutrition Based Approaches to Development Programming through the District Nutrition Coordination Committees and District Planning Committees.
- Supported the coordination of the National Partnership Policy and the National Partnership forum which stipulates the guiding principles and priorities of Government's engagement and partnership with Development Partners.
- Supported the Development of the UN Development Assistance Framework and M&E framework for Uganda 2016-2020 organising consultative workshops between government MDAs and UN Agencies.
- Organised the Public Sector Management Working group meetings and a member of the National M&E Technical Working group
- Supported the coordination and implementation of Sustainable Development Goals (SDGs) and the Institutional effectiveness Programme by UNDP. I was as a link between the Office of the Prime Minister and UNDP.

**Date: October 2013- December 2013**

**Title: Consultant**

**Employer: UNICEF, Uganda**

**Type of Business: International Organisation**

**Location: Kampala**

**Area of Work: Project Planning and Strategic Management**

**Salary: 1200 USD/per month**

I was a consultant with UNICEF Uganda and supported a team that was developing and implementing a mobile based survey system (mMICS/mSurvey) that is used to collect data using the USSD mode. The following are the accomplishments that I have managed to achieve in this position:

- Reviewed existing mobile based survey systems e.g. MAGPI, Dooblo, Epi-surveyor, SurveyGizmo, eSurveysPro, etc., to help in making all the necessary features in USSD/Mobile phone based Survey.
- Reviewed different survey data collection tools to generate the different logic conditions and groups (e.g. By Age) that can be incorporated within mMICS/mSurvey.
- Uploaded all the standard questions from various survey tools in Uganda e.g MICS, DHS, UNHS, Service delivery survey and other related UBOS surveys in to mMICS and tested their applicability with the system.
- Developed a user manual for the USSD/Mobile phone based System.
- Tested to the later, the functionality of each component of the system, e.g. survey creation, registration of households and their members, question flow and data collection.
- Working with a group of U-reporters, I tested the system in the different parts of the country.
- Carried out training of U-reporters prior to the field testing.
- Tested the system interface internally with LIVE data while field work is on-going to confirm that the system captures data appropriately, can provide completion rates as required and other basic data-collection related functionalities.

**Date: August 2011- December 2013**

**Title: Research Fellow**

**Employer: DFID attached to Office of the Prime Minister, Uganda**

**Type of Business: International Organisation**

**Location: Kampala**

**Area of Work: Monitoring and Evaluation**

**Salary: 12000 USD/per annum**

*The following are the accomplishments that I have managed to achieve in this position:*

- Supported the developing and coordinating implementation of government programmes such as PRDP, NUSAF2, Barazas etc, in alignment with established guidelines, policy, strategies, plan, budgets, etc.
- Prepared consolidated progress reports and guided the regular sharing of the output of M&E findings with staff, implementing partners and other Government stakeholders in the Security, Justice and Governance cluster.
- Lead a team of research assistants during field fact finding missions, surveys, disaster mapping of people at risk, etc.
- Built capacity of ministries and local governments in target setting, indicator proofing, reporting and development of annual and quarterly workplans.
- Regularly reviewed project implementation plans in OPM and supported the development of monitoring and evaluation frameworks for the projects.
- Develop a field Monitoring workplans based on agreed upon progress and performance indicators.

- Performed statistical analysis ( multiple regression, logistic regression, factor analysis, discriminate analysis) and hypothesis testing (parametric and non parametric) on data for on going evaluations as a way of supporting the Government Evaluation Facility
- Prepared programme reports required by Management, donors, budget reviews, programme analysis, annual reports, etc.
- Developed policy and budget briefs on various sectors and emerging issues for advocacy purposes
- Developed and updated various reporting frameworks and the databases on key performance indicators.

**Date: November 2010- July 2011**

**Title: Regional IT Officer**

**Employer: Brac, Uganda**

**Type of Business: International Organization**

**Location: Gulu**

**Area of Work: Information and Communication Technology**

**Salary: 5000 USD/per annum**

I worked as a REGIONAL IT OFFICER, Northern region where I carried out specialized IT Support on more than 45 branches in over 20 districts in Northern Uganda. I always ensured business continuity by installing, monitoring, upgrading and repairing the Organization's Microfinance system; executing timely repairs on the Computer systems and supervising and building the capacity junior IT officers in other regions of the country.

**Date: July 2010- October 2010**
